

## vision

Our vision is to send teams of educators to Fiji to Share, Train, Teach, and Provide.

One by one, village by village, we will set up a Christ-centered kindergarten program using a well-planned, comprehensive classroom model.

Fiji Kinde Project was founded by a former kindergarten teacher, who saw a need and desired to help change Fiji for future generations.

Fiji is a third world country made up of over 322 islands deep within the South Pacific.

# Fiji Kinde Project

## mission

**Fiji Kinde Project's mission is to faithfully initiate Jesus' ideals by sharing the gospel, training local teachers, teaching preschool age children, and providing the essential educational resources as we develop Early Childhood Education throughout the villages in the Fiji Islands.**

### Sharing

- God's Truth, Love and Grace.
- God's Word through discipleship with teachers that include Bible study, devotional time and prayer.
- Through Bible stories, memory verses, songs of worship as part of the core curriculum.

### Training

- Local Fijian teachers through a week-long in-service with hands-on classroom teaching experience that includes modeling effective teaching techniques.
- Equipping teachers with the knowledge and instruction of the classroom model principles which will enable them to set up and manage their own classroom.
- To provide the necessary resources and support to insure self-sufficiency.

### Teaching

- Preschool age children to prepare them with the skills necessary for entering elementary school level.
- A Christ-centered preschool program including all daily activities, transitions, and routines which impact the child's physical, social, emotional, spiritual and intellectual development.
- In an environment that includes creative play as well as structured learning with independent and group activities.
- Incorporating basic hygiene, like brushing teeth, in our daily routine.

### Providing

- A curriculum model with biblical principles as the foundation.
- Supplies to set up a model classroom.
- Guidelines on how to set up a model classroom which includes setting up the physical environment, structured activities, and methods of teaching and interacting with preschool age children.
- Hospitality and service through the gift of room and board for each teacher.
- Friendship, encouragement and support for spiritual, personal and professional growth.
